5031 77

Australian Journal of Marine and Freshwater Research

Volume 27

Melbourne 1976

Australian Journal of Marine and Freshwater Research

A medium for original contributions in marine, estuarine, or freshwater research, including oceanography.

Board of Standards

The Board of Standards for this Journal is appointed by the Commonwealth Scientific and Industrial Research Organization and the Australian Academy of Science and consists of:

D. G. Catcheside (Chairman)
S. J. Angyal
M. J. P. Canny
H. S. Green
G. A. Horridge
L. G. Paleg
A. J. Pittard
J. P. Quirk
D. J. Rochford
D. E. Tribe
H. R. Wallace
J. P. Wild
B. J. Walby (Editor-in-Chief)

Advisory Committee

Acceptance of papers for this Journal is in the hands of an Advisory Committee consisting of a Chairman appointed by the Executive of CSIRO and the Council of the Australian Academy of Science, and members appointed by the Board of Standards.

D. J. Rochford (Chairman)
V. T. Buchwald
R. G. Chittleborough
D. A. Hancock
L. V. Hawkins
P. A. Tyler
W. D. Williams
B. J. Walby (*ex officio*)

The Australian Journals of Scientific Research

Australian Journal of Agricultural Research	$A25 per annum
Australian Journal of Biological Sciences	$A16 per annum
Australian Journal of Botany	$A25 per annum
Australian Journal of Chemistry	$A45 per annum
Australian Journal of Marine and Freshwater Research	$A10 per annum
Australian Journal of Physics	$A25 per annum
Australian Journal of Plant Physiology	$A16 per annum
Australian Journal of Soil Research	$A8 per annum
Australian Journal of Zoology	$A20 per annum

Australian Journal of Marine and Freshwater Research

Published by the Commonwealth Scientific and Industrial Research Organization. Issued four times a year.

Indexes to Volume 27

Authors and Titles

Ahsanullah, M.—
Acute toxicity of cadmium and zinc to seven invertebrate species from Western Port, Victoria 187
Andrews, A. P.—
A revision of the family Galaxiidae (Pisces) in Tasmania 297
Andrews, J. C.—
The bathythermograph as a tool in gathering synoptic thermohaline data 405

Bayly, I. A. E.—
The plankton of Lake Eyre 661
Berrill, Michael—
Aggressive behaviour of post-puerulus larvae of the western rock lobster *Panulirus longipes* (Milne-Edwards) 83
Buckney, R. T.—
Aspects of the chemical variability of some Tasmanian inland waters 351
Stoichiometric distance and total concentration: a binary numerical description of inland water chemistry 73
See also Williams, W. D.
Buckney, R. T., and Tyler, P. A.—
Chemistry of salt lakes and other waters of the sub-humid regions of Tasmania 359

Cadwallader, P. L.—
Home range and movements of the common river galaxias, *Galaxias vulgaris* Stokell (Pisces : Salmoniformes), in the Glentui River, New Zealand 23
Caputi, N.—
Creel census of amateur line fishermen in the Blackwood River estuary, Western Australia, during 1974–75 583
Carpenter, D. J., and Carpenter, S. M.—
Numerical analysis of primary production and associated data from waters off the east coast of Australia 431
Carpenter, S. M. *See* Carpenter, D. J.
Chambers, L. A. *See* Skyring, G. W.
Cheng, D. M. H., and Tyler, P. A.—
Nutrient economies and trophic status of Lakes Sorell and Crescent, Tasmania 151
Chittleborough, R. G.—
Breeding of *Panulirus longipes cygnus* George under natural and controlled conditions 499
Growth of juvenile *Panulirus longipes cygnus* George on coastal reefs compared with those reared under optimal environmental conditions 279
Coleman, N.—
Aerial respiration of nerites from the north-east coast of Australia 455
Collis, P. *See* Wolanski, E.
Cresswell, G. R.—
A drifting buoy tracked by satellite in the Tasman Sea 251

Davis, Sally, F. *See* Winterbourn, M. J.
Decraemer, Wilfrida—
Scientific report on the Belgian expedition to The Great Barrier Reef in 1967. Nematodes VI. Morphological observations on a new genus *Quadricomoides* of marine Desmoscolecida 89
Dix, Trevor G.—
Larval development of the queen scallop, *Equichlamys bifrons* 399

Geddes, M. C.—
Seasonal fauna of some ephemeral saline waters in western Victoria with particular reference to *Parartemia zietziana* Sayce (Crustacea : Anostraca) 1
Glaister, J. P.—
Postembryonic growth and development of *Caridina nilotica aruensis* Roux (Decapoda : Atyidae) reared in the laboratory 263

Hailstone, T. S.—
Delimitation of subtidal macrobenthos associations at the mouth of the Brisbane River 217
Hart, B. T., McGregor, R. J., and Perriman, W. S.—
Nutrient status of the sediments in Lake Mulwala. I. Total phosphorus 129

Jackson, P. D.—
A note on the food of the Australian grayling, *Prototroctes maraena* Günther (Galaxioidei : Prototroctidae) 525
Jitts, H. R., Morel, A., and Saijo, Y.—
The relation of oceanic primary production to available photosynthetic irradiance 441

King, Ian M.—
Respiration in three species of the genus *Gladioferens* (Copepoda : Calanoida) 529
Kirk, J. T. O.—
Yellow substance (gelbstoff) and its contribution to the attenuation of photosynthetically active radiation in some inland and coastal south-eastern Australian waters 61

Lake, P. S. *See* Mills, B. J.
Larkum, A. W. D.—
Ecology of Botany Bay. I. Growth of *Posidonia australis* (Brown) Hook. f. in Botany Bay and other bays of the Sydney basin 117

McDowall, R. M.—
Fishes of the family Prototroctidae (Salmoniformes) 641
McGregor, R. J. *See* Hart, B. T.
Mills, B. J., Suter, P., and Lake, P. S.—
The amount and distribution of calcium in the exoskeleton of intermoult crayfish of the genera *Engaeus* and *Geocharax* 517
Morel, A. *See* Jitts, H. R.

Negilski, D. S.—
Acute toxicity of zinc, cadmium and chromium to the marine fishes, yellow-eye mullet (*Aldrichetta forsteri* C. & V.) and small-mouthed hardyhead (*Atherinasoma microstoma* Whitley) 137
Noye, B. J., and Walsh, P. J.—
Wind-induced water level oscillations in shallow lagoons 417

Penn, J. W.—
Tagging experiments with western king prawn, *Penaeus latisulcatus* Kishinouye. II. Estimation of population parameters 239
Perriman, W. S. *See* Hart, B. T.
Petr, T.—
Some chemical features of two Papuan fresh waters (Papua New Guinea) 467

Reinson, G. E.—
Hydrogeochemistry of the Genoa River basin, New South Wales–Victoria 165
Ruello, Nick V.—
Observations on some massive fish kills in Lake Eyre 667

Saijo, Y. *See* Jitts, H. R.
Shiel, R. J.—
Associations of Entomostraca with weedbed habitats in a billabong of the Goulburn River, Victoria 533
Skyring, G. W., and Chambers, L. A.—
Biological sulphate reduction in carbonate sediments of a coral reef 595
Suter, P. *See* Mills, B. J.

Tilzey, R. D. J.—
Observations on interactions between indigenous Galaxiidae and introduced Salmonidae in the Lake Eucumbene catchment, New South Wales 551
Timms, B. V.—
A comparative study of the limnology of three maar lakes in western Victoria. I. Physiography and physicochemical features 35
Tyler, P. A. *See* Buckney, R. T.; Cheng, D. M. H.

Walker, T. I.—
Effects of species, sex, length and locality on the mercury content of school shark *Galeorhinus australis* (Macleay) and gummy shark *Mustelus antarcticus* Guenther from south-eastern Australian waters 603
Wallis, R. L.—
Aspects of the thermal tolerance of the tropical mussel *Trichomya hirsuta* L.—a multivariable approach 475
Some uses of multifactorial response surface analysis in temperature tolerance studies 487
Walsh, P. J. *See* Noye, B. J.
Webb, D. J.—
Patterns in the equilibrium tide and the observed tide 617
Williams, W. D., and Buckney, R. T.—
Chemical composition of some inland surface waters in South, Western and northern Australia 379
Stability of ionic proportions in five salt lakes in Victoria, Australia 367
Winterbourn, M. J., and Davis, Sally F.—
Ecological role of *Zelandopsyche ingens* (Trichoptera : Oeconesidae) in a beech forest stream ecosystem 197

Wolanski, E., and Collis, P.—
Aspects of aquatic ecology of the Hawkesbury estuary. I. Hydrodynamical processes 565

Wright, L. D.—
Nearshore wave-power dissipation and the coastal energy regime of the Sydney–Jervis Bay region, New South Wales: a comparison 633

Subject Index

Aldrichetta forsteri, acute toxicity of zinc, cadmium and chromium to 137
Atherinasoma microstoma, acute toxicity of zinc, cadmium and chromium to 137
Australian grayling, *see Prototroctes maraena*

Bathythermograph as a tool in gathering synoptic thermohaline data 405
Billabong of the Goulburn River, associations of Entomostraca with weedbed habitats in 533
Blackwood River estuary, creel census of amateur line fishermen in 583
Brisbane River, delimitation of subtidal macrobenthos associations at the mouth of 217

Cadmium toxicity:
To seven invertebrate species from Western Port, Victoria 187
To yellow-eye mullet and small-mouthed hardyhead 137
Caridina nilotica aruensis, postembryonic growth and development of 263
Chromium, toxicity to yellow-eye mullet and small-mouthed hardyhead 137
Coral reef, biological sulphate reduction in carbonate sediments of 595
Crayfish of the genera *Engaeus* and *Geocharax*, calcium in the exoskeleton of 517
Creel census of amateur line fishermen in the Blackwood River estuary, W.A., during 1974–75 583

Desmoscolecida, marine, a new genus *Quadricomoides* of 89
Drifting buoy tracked by satellite in the Tasman Sea 251

Engaeus, calcium in the exoskeleton of 517
Entomostraca, associations of, with weedbed habitats in a billabong of the Goulburn River 533

Equichlamys bifrons, larval development of 399

Fresh waters, Papuan, some chemical features of 467

Galaxias vulgaris, home range and movements of, in the Glentui River, New Zealand 23
Galaxiidae:
A revision of the family in Tasmania 297
Interactions with Salmonidae in the Lake Eucumbene catchment 551
Galeorhinus australis, mercury content of 603
Gelbstoff, *see* yellow substance
Genoa River basin hydrogeochemistry 165
Geocharax, calcium in the exoskeleton of 517
Gladioferens, respiration in three species of 529
Goulburn River, associations of Entomostraca with weedbed habitats in a billabong of 533
Grayling, Australian, *see Prototroctes maraena*
Great Barrier Reef, scientific report on the Belgian expedition to. VI. 89
Gummy shark, *see Mustelus antarcticus*

Hardyhead, small-mouthed, *see Atherinasoma microstoma*
Hawkesbury estuary, aspects of aquatic ecology of. I. 565
Hydrogeochemistry of the Genoa River basin 165

Inland waters:
A binary numerical description of the chemistry of 73
Aspects of the chemical variability of (Tasmanian) 351
Surface, in South, Western and northern Australia, chemical composition of 379

King prawn, western, *see Penaeus latisulcatus*

Lagoons, shallow, wind-induced water level oscillations in 417
Lake Crescent, nutrient economies and trophic status of 151
Lake Eucumbene catchment, interactions between indigenous Galaxiidae and introduced Salmonidae 551
Lake Eyre:
Plankton 661
Observations on some massive fish kills in 667
Lake Mulwala, nutrient status of the sediments in. I. 129
Lake Sorell, nutrient economies and trophic status of 151
Lobster, western rock, *see Panulirus longipes*

Maar lakes in western Victoria, limnology of 35
Macrobenthos associations, subtidal, at the mouth of the Brisbane River 217
Mercury content of school shark and gummy shark from south-eastern Australian waters 603
Mullet, yellow-eye, *see Aldrichetta forsteri*
Mussel, tropical, *see Trichomya hirsuta*
Mustelus antarcticus, mercury content of 603

Nearshore wave-power dissipation and the coastal energy regime of the Sydney–Jervis Bay region, N.S.W.: a comparison 633
Nematodes. VI. Morphological observations on a new genus *Quadricomoides* of marine Desmoscolecida 89
Nerites from the north-east coast of Australia, aerial respiration of 455
Nutrient status of the sediments in Lake Mulwala. I. 129

Panulirus longipes, aggressive behaviour of post-puerulus larvae of 83
Panulirus longipes cygnus:
Breeding under natural and controlled conditions 499
Growth of juveniles on coastal reefs compared with those reared under optimal environmental conditions 279
Parartemia zietziana in ephameral saline waters in western Victoria 1
Penaeus latisulcatus, tagging experiments with. II. 239
Plankton of Lake Eyre 661
Posidonia australis, growth of in Botany Bay and other bays of the Sydney basin 117
Post-puerulus larvae of the western rock lobster, aggressive behaviour of 83
Prawn, western king, *see Penaeus latisulcatus*
Primary production and associated data from waters off the east coast of Australia, numerical analysis of 431
Primary production, oceanic, relation of to available photosynthetic irradiance 441
Prototroctes maraena, food of 525
Prototroctidae, fishes of the family 641

Quadricomoides, a new genus of marine Desmoscolecida; morphological observations 89
Queen scallop, *see Equichlamys bifrons*

Rock lobster, western, *see Panulirus longipes*

Salmonidae, interactions with Galaxiidae in the Lake Eucumbene catchment 551
Salt lakes in Victoria, stability of ionic proportions in 367
Salt lakes of the sub-humid regions of Tasmania, chemistry of 359
Scallop, queen, *see Equichlamys bifrons*
School shark, *see Galeorhinus australis*
Shark:
Gummy, *see Mustelus antarcticus*
School, *see Galeorhinus australis*
Small-mouthed hardyhead, *see Atherinasoma microstoma*

Thermohaline data, synoptic, the bathythermograph as a tool in gathering 405
Trichomya hirsuta, aspects of the thermal tolerance of 475
Tropical mussel, *see Trichomya hirsuta*

Western king prawn, *see Penaeus latisulcatus*
Western rock lobster, *see Panulirus longipes*

Yellow-eye mullet, *see Aldrichetta forsteri*
Yellow substance (gelbstoff) and its contribution to the attenuation of photosynthetically active radiation in some inland and coastal south-eastern Australian waters 61

Zelandopsyche ingens, ecological role of, in a beech forest stream ecosystem 197
Zinc toxicity:
To seven invertebrate species from Western Port, Victoria 187
To yellow-eye mullet and small-mouthed hardyhead 137

Printed by CSIRO, Melbourne
